Summary

Passionate Web Developer | Transforming Ideas into Digital Reality

Welcome to my LinkedIn profile! I'm Akshay Kumar, a dedicated and results-driven web developer with a knack for crafting innovative, user-centric websites and applications. My journey in the world of web development has been fueled by a fervent passion for creating seamless digital experiences.

Professional Background:
With 1 year of hands-on experience in web development, I have honed my skills in front-end and back-end technologies. My expertise spans across HTML, CSS, JavaScript, React.js, Node.js, and more. I thrive on tackling complex challenges and turning them into elegant solutions.

Technical Proficiency:

Front-end: HTML5, CSS3, JavaScript, React.js
Back-end: Node.js, Express.js, Python (Django), Ruby on Rails
Database: MongoDB, MySQL, PostgreSQL
Tools: Git, Webpack, npm/yarn, Docker
Responsive Design: Bootstrap, Tailwind CSS
Design Sensibility:
Beyond code, I have a keen eye for design principles and user experience. I believe in creating not just functional but visually appealing interfaces that captivate users from the moment they land on a page.

Projects:
I've had the pleasure of contributing to and leading various projects, ranging from e-commerce platforms and content management systems to interactive web applications. Each project showcases my commitment to excellence and a relentless pursuit of improvement.

Continuous Learning:
In the ever-evolving landscape of web development, I embrace continuous learning. Staying abreast of the latest technologies and trends allows me to offer cutting-edge solutions to my clients and deliver exceptional results.

Philosophy:
My approach to web development is rooted in a deep understanding of client needs and a commitment to delivering solutions that not only meet but exceed expectations. I thrive in collaborative environments and believe in the power of teamwork to achieve remarkable outcomes.

Let's Connect:
I'm always open to networking with fellow developers, designers, and industry professionals. If you're passionate about technology, web development, or just want to connect, feel free to send me a connection request. Let's build something great together!

Thank you for visiting my profile, and I look forward to connecting with you!

Experience

Web Developer
Corizo
Aug 2023 - Oct 2023 (3 months)
Web developers design and build websites. They are typically responsible for the appearance, of the site and technical aspects, such as site speed and how much traffic the site can handle. Web developers may also create site content that requires technical features.

They are sometimes known as web designers or full-stack developers if they can do both front-end and back-end development.

Education

Maharshi Dayanand University
BCA, Computer and Information Sciences and Support Services
2021 - 2030
